

NEBO[®] BLUELINE[®] 900 FLIP + UV

The **BLUELINE 900 FLIP & UV** Light is built for pros. Featuring a powerful 900-lumen COB work light, dual-band UV for leak detection, a 180° pivoting head, magnetic base, and folding hook, it's your go-to tool for hands-free versatility and precision. Durable, water-resistant, and ready for action.

LIGHTING MODES

- Worklight Turbo (900 lumens): 30 seconds / 39 meters
- Worklight High (400 lumens): 5 hours / 26 meters
- Worklight Low (40 lumens): 5 hours / 26 meters
- Flashlight High (30 lumens): 14 hours / 15 meters
- Dual Band UV Light (365nm + 395nm)

DESIGN FEATURES

- USB-C Rechargeable
- Smart Power Control™ (SPC)
- Powerful magnetic base
- Anodised aircraft-grade aluminium
- Power/charging indicator
- Steel Clip
- Water Resistant (IPX4) and Impact Resistant
- Brightness Dimming with memory Setting
- Dual band UV-A technology (365nm + 395nm)
- 180° Tilt & Rotate
- Hanging Hook

INCLUDED ACCESSORIES

- USB-A to USB-C charging cable

PACKAGING

- Plastic-free, recyclable Hybrid packaging
